ABOUT LIVEO RESEARCH

Liveo Research is a leading global manufacturer of films and foils for the pharmaceutical and consumer goods industries. Headquartered in Basel, Switzerland, the company has subsidiaries in Bötzingen and Staufen (Germany), in Delaware / USA and in Singapore and China. Liveo Research was founded in 1962 as Myraplast Staufen GmbH. In addition to a broad portfolio of blister films, the Bötzingen site offers its customers value-added services based on the Quality by Design principle. The Staufen site produces PET-G films for sleeve labels and rigid PVC films for printing and office supplies. Around 1,000 employees worldwide take care of the needs of Liveo Research customers.
